Life of Christ Timeline

Life of Christ Timeline

Life of Christ Timeline

Copy on plain copy paper.

Cut colored copy paper 2 by 8 1/2". Fold 2 strips in half.

Glue on project folder with open ends facing each other.

Close strips.

Glue one of the above labels on top of folded strips.

After it dries, cut up the middle so the strips can open again.

Students will glue pictures of events studied during this time period on the strips.

 I used pictures from a poster bought at a teacher's supply store. If it is not available I'm pictures from the Bible Clip Art CD would be great. (http://sundaysoftware.com/site/bible-story-clipart-cd/)
