# Parable of the Dragnet
Matt. 13:47-52

Copy onto cardstock. Make enough so
each child will get to sort through the
good and bad fish enough that they get
the idea (1 sheet of good and 1 sheet of
bad per child). Cut out and laminate if
desired.

Put all fish in a net or bag. Let children
empty them onto floor and sort them into
good piles and bad piles. Discuss the
meaning of the parable after they've done
this.
