Copy page 1 and 2 on color copy paper.

Fold each page in half vertically and then in half horizontally making 2 small booklets.

Cut to the vertical fold between each word creating a flap for each word.

Stack and then glue first booklet on top of second booklet.

To glue into project folder, glue top of first booklet and bottom of second booklet along one long side of folder. This will allow the children to flip from the first half of the vocabulary words to the second.

During class, students will lift the flap of a word and write a brief definition.
