

Jesus Heals The 10 Lepers

Jesus saw 10 lepers. They were very sick. They had sores all over their bodies. They asked Jesus to heal them. Jesus told them to go present themselves to the priest. As they walked away, they saw that they were healed. Jesus performed a miracle. One of the lepers went back to thank Jesus. The other 9 lepers just left. Jesus was happy that the one leper remembered to say, "Thank you."

Luke 17:11-19
