

Jesus Helps Peter and Andrew Fish

Peter and Andrew had been fishing all night. They didn't catch any fish. Jesus came by and told them to cast their nets on the other side of their boat. They didn't think it would do much good, but they did it anyway. Peter and Andrew were so surprised. When they cast their net on the other side, their net was so full of fish that they couldn't haul them into the boat.

Luke 5:1-11

Copy this and the picture page on cardstock. Cut the picture pages 2 parts out. Glue the right half of the frowning page to the left half of the smiling page. Then glue them on to this page (covering up these words). You should have a flap that helps tell the story. Glue netting to both boats to make the fisherman's net. During class, the children can glue fish to the net with the smiling Peter and Andrew.

Print on cardstock. Each child will get 5 fish to glue on the smiling fisherman's net.
