There were no birds. There were no trees.
He want - ed birds. He want - ed trees.
He made the birds. He made the trees.
Thank you for birds. Thank you for trees.

There were no stars. There were no seas.
He want - ed stars. He want - ed seas.
He made the stars. He made the seas.
Thank you for stars. Thank you for seas.

In the be - gin - ning was God.
